LightStim®

Boost the Results of Your Treatment Today

LightStim® therapy uses natural red & infrared light that can penetrate deep into the skin, where cells can absorb and use it to significantly improve skin complexion, promote healing, help reduce fine lines & wrinkles, and increase collagen density. Non-invasive, good for all skin types

➤ TRY

“LightStim LED LIFT EXPRESS” Facial (30Min) **\$100**

This anti-aging express treatment combines benefits of **Lift Serum** mask with LightStim® LED treatment to help reduce the appearance of wrinkles and fine lines, improve circulation to give your skin a lift, a vibrant, tighter, firmer complexion and a natural glow

➤ ADD

LightStim LED to ANY Facial (15Min) **for \$35**

Nourish your skin from within by reaching different layers of skin at the same time to give you a more radiant and youthful complexion.
